

KANAWANA

78

RAPPORT ANNUEL DU DIRECTEUR
DIRECTOR'S ANNUAL REPORT

KAMP KANAWANA 1978

DIRECTOR'S REPORT

.....I am happy to send my greetings to all Kampers and staff of Kamp Kanawana.

Kamp Kanawana provides an opportunity for many young people across Canada to learn about each other's culture in a natural and healthy environment.

La dimension internationale qui s'est ajoutée cette année rehaussera sûrement l'esprit d'entraide et de coopération afin de cultiver une jeunesse saine et vigoureuse.

Dans cet esprit, je suis heureux de vous souhaiter de bonnes vacances. Mes meilleurs vœux à tous pour une célébration réussie.

Pierre Elliott Trudeau

Prime Minister - Premier Ministre

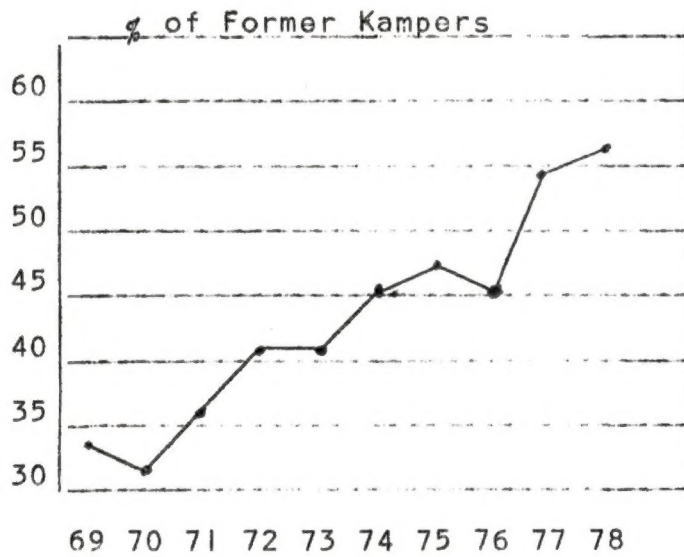

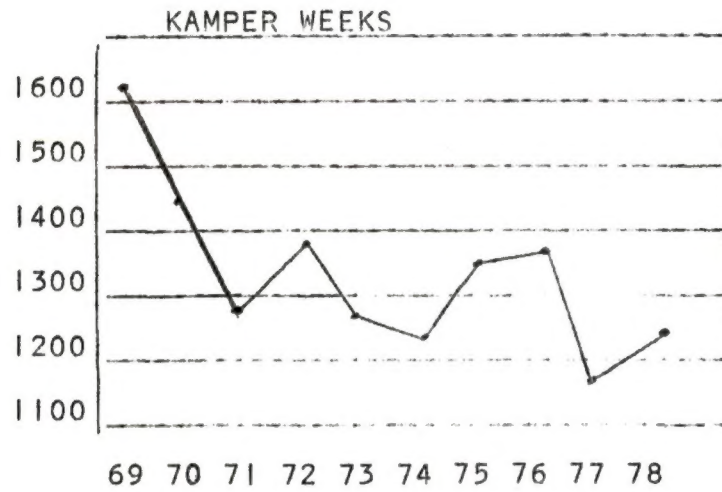

The 85th season of Kamp Kanawana has come to an end. It was a summer filled with many wonderful highlights along with some disappointments and difficulties. It is my intention to point out some of these with a view to assist in the preparation of Kamp Kanawana '79 as well as providing some insight to the staff of '78.

KAMPERS:

Our registration for 1978 increased by 9% over 1977 and slightly surpassed the budgeted number of camper weeks (1200). We had 442 different children making up the 1227 camper weeks.

Other Significant Notes:

- French population was 27%
- 60% of 1977 kampers returned in 1978
- Slightly over 33% of the kampers were from single parent homes
- Almost 5% of our camper population was from the Laurentian area (St. Jovite, Ste Adele, St. Sauveur, St. Jerome, etc.)
- Kampers came to Kamp Kanawana from Montreal, Ottawa, Toronto, Chateauguay, Quebec City, Three Rivers, Hudson, Poland, New York, Charlottetown, New Jersey, Virginia, North Carolina, Saskatoon, Otterburn, West Island, the Laurentians, St. Hubert, St. Lazare, St. Foy, Franklin Centre, Trinidad, Valleyfield and Indiana.

In terms of discipline, 7 kampers were sent home during the summer. Four of these were because of drugs, two for cigarette and one due to an injury.

STAFF:

Unfortunately, I cannot say the same this year as I did last, regarding the staff. Most of the staff did an excellent job with our kampers. I was particularly impressed with a number of our new counsellors who very quickly adapted to a new work situation in a very effective way.

At the same time, I did have difficulties with some of the staff. I, the Assistant Camp Director, Kerry Finucan and other senior staff became very frustrated and disappointed with the attitudes and behaviour of some of our staff. At the half-way point of the summer, I spoke to the entire staff about my concerns, the kamp policies and objectives, etc. In some respects, this normalized the situation. However, for certain individuals what was said was to no avail. I believe at this stage it will be necessary to not accept a great number of the staff wishing to return.

I hope that the staff who will not be rehired will understand the reasons and hopefully mature as a result.

To the staff who 'kept their heads above it all' and affected children in a positive way, I extend my sincerest thanks.

To my assistant Kerry Finucan, a special thanks for his constant support and help throughout the summer.

KAMP KANAWANA '78 STAFF:

Susan Ambrose	Junior Girls Counsellor
Susan Armstrong	Senior Girls Counsellor
Laurie Baker	Junior Girls Counsellor/Rover
Stephen Bauman	Swimming Director
Chris Bishop	Senior Boys Counsellor
Karen Chubry	Business Office Manager
Kelly Curliss	Junior & Senior Girls Counsellor
Ian Davis	Junior Boys Counsellor/Rover

STAFF TRAINING:

The staff training started in February of this year with participation at conferences and meetings. The 8 day pre-kamp program was good. Kerry Finucan and other staff spent much time in preparing various sessions. It was well worth the effort. The following should be considered in this program for 1979:

- More emphasis on canoeing and camping skills.
- Repeat the film 'Cipher in the Snow' and discussion about 'making a kid feel like a somebody'.
- Retain sessions on teaching and program resourcefulness.
- Retain session with naturalists from Mont St. Hilaire.
- Clarify policies and attitudes to staff (here and in staff manual).
- Send someone to an Astronomy Instructor's School.
- Initiate a formal ongoing training for staff during the summer.
- Plan to have a rainy day or two that can be fitted in when it rains. (6 out of 9 days in '78)

In addition, staff were sent to the following courses and conferences:

Ontario Camping Association -- Conference: 4 people
 Ontario Camping Association -- Counsellors' Workshop - 1
 Quebec Camping Association -- Conference: 7
 Quebec Camping Association -- Counsellors' Workshop - 9
 Canadian Camping Association -- Woodsmanship School - 1
 Archery Instructor's School - 2

Some staff have intimated that they feel the strictness of the Director inhibits the kamp spirit. This attitude should be dispelled in pre-kamp and better explained to potential staff during interviews.

PROGRAM:

Many of the excellent features of the '77 program continued in '78. Kerry Finucan attempted to improve it again. During the winter, he developed a program resource file and books for kamp. Not only did this inspire him but many other staff too. Unfortunately, some of his objectives were not achieved, however, I do not realistically believe that all was possible in one year.

Some of these new ideas (ie General Swim alternative, Staff Recreation Committee, Early Bird Club, etc.) should be attempted again in 1979.

This summer's tremendous weather did help a great deal. The 100 plus trips from kamp were very popular. The kamp truck is on its last legs and did have its share of breakdowns. This should be sold this fall and replaced with a similar vehicle for '79.

I believe some attention must be given to our swimming standards (cords). At present, I think that a number of kampers who got their white cords should have continued with swimming instruction. (Swimming lessons for white cords have not been compulsory for 8 or 9 years). Also, the Swimming Director should be the only one doing the 'testing'. Nevertheless, large numbers of kampers did take lessons and successfully attained the various YMCA swimming awards. Also, a total of 230 miles was swum during the Mile Swim at kamp. The Hebertism course, though still requiring more work, was used extensively by everyone particularly the senior boys section.

There were numerous special programs for kamp and the sections. Some of these included:

Kanabec Winter Carnival	Star Wars Day
Canada Day Pageant	Xmas Day
Opening Ceremony for	Fishermen's Lunch
Katimivik	World Record Day
Kanawana Kountry Fair	Kanawoodstock
Nightly Kamp Kanawana	Green Triangle Banquet
Kabarets	Douce the Fire
Postcard Suppers	Greaser Day
Klondyke Day and Klondyke	Sideline Bucket Basketball
Chuck Wagon Rally	Casino Night
The Energetic Company	Capture the Lantern
(skits on energy	Mission Impossible
conservation)	Movie Nights
Astronomy	Monks Meal
Pyjama Breakfasts	Reveillon
Viking Day & Funeral	Canoe Hockey
Rumbles	Craft Shop Quiz
Carnival Day	Frisbee Golf
Shave, Shower & Shampoo Day	Fishing Derby
Utensil Meal	Lumbermen-Voyageurs
Santa Claus Parade	(Lumbermen won ... again)
Halloween	
Kanawana Day at Olympic Stadium (September 10)	
Expos Ballgame	

In terms of program, it was a good season with many creative and imaginative themes and concepts. Special thanks to Kerry Finucan, the four Section Directors and Eric Sandmark for them. Further comments on the specific program areas are mentioned in the Assistant Camp Director's report.

Program Continued

Some specific recommendations for '79 programs are:

- Interest groups should be re-thought out.
(see Assistant Camp Director's report for details)
- Re-look at program supplies with a view to increasing them, especially the small items.
- Continue with only one swimming area, but enlarge it by 50% in order to accommodate more people. Consider locating it by the junior parking lot.
- Improve system of equipment control -- a number of things were 'lost'.
- 8 canoes have been sent out to be re-canvassed. At least another 8 or 10 should be sent.
- Purchase 4 non-wood rowboats.
- Have new centre boards and rudders made for the Arrow sailboats.
- Continue the work on the Hebertism course.
- Study present cord system for swimming.
- Some attention is required to protect the paddles. More are required and those that are there need some sort of fibreglass band to protect them.
- Consider adding a couple of new major programs eg riding, tennis, kayaking, photography, etc.

COUNSELLOR-IN-TRAINING PROGRAMS:

This summer started with 17 Counsellors-in-Training. It ended with 13. One C.I.T. was sick and unable to participate while three others were 'kicked out' (for behavioral reasons). There were other problems that I learned of after kamp had ended. Due to this, there are only five of the group that could be considered for a staff position next year.

Due to difficulties in this and other years, I now believe that the C.I.T. program should not be continued in its present state. Some suggestions might be:

- Reinstate the 'Ranger' program and have each group of 16 year olds with an animator (counsellor).
- Consider a voluntary group program for 16-17 year olds that would be invited back from previous years. (These could be used in auxiliary roles and that of second staff for trips) (See Camp Coniston model)
- Look at having 15-16 year olds stay for one month period only.
- Have a Voyageur trip as part of the program.

Counsellor-in-Training Programs Continued

This would be a major change, however, it must be dealt with and decided upon this fall. Perhaps, a small group of interested people could get together to make some further recommendations.

Some of the highlights of the program included:

- A C.I.T. exchange with the New Hampshire YMCA's Camp Coniston.
- One day session with 3 Mont St. Hilaire naturalists.
- Life Saving courses where 3 attained their Bronze Medallions, 7 Life Saving II and 2 Life Saving I.
- Sessions held over from pre-kamp -- program resourcefulness, teaching, working with children, etc.
- Various skill sessions and 'on-the-job' experiences.

HEALTH & SAFETY:

Again this summer, we were fortunate to have had a Kamp Doctor. Doctors Sharon Levine and Suzanne Tha were always available to help augment the excellent care given by Nurses Gisela Roch and Therese Marin with Assistant Nurse Rachel Michie.

Generally speaking, health at kamp was very good. The weather and kitchen did help this a great deal.

There was the odd emergency trip required. There were 3 fractures and one appendectomy. Also, a few kampers had head lice. This was cleared up quickly by a thorough cleaning of all the cabins (all were from the same cabin) and having a program where everyone washed their hair with a special shampoo and was checked for the 'bug'.

In addition to the above, a staff member and a C.I.T. were involved in a potentially serious car accident. Fortunately, it was not too serious with only one being kept overnight for observation.

FOOD SERVICES:

Again this summer, I was very satisfied with the food services of Fan Fare Foods. I continue to be impressed with our Chef Jean-Claude Deglaire and the ways in which he can provide such excellent meals for up to 300 people. A special thanks to him also for his cooperation in providing special cakes, meals, etc. to fit into the programs.

As we know, food costs have increased by 18% in the last year. Our budget figure of \$55,000. for '78 food services represented approximately a 6% increase over '77. There was the odd complaint regarding food quantity and variety (ie watermelon). Nevertheless, I can well understand the difficulties that Fan Fare had in controlling their own costs.

The parents and kampers did like the food but to a lesser extent than in 1977. Here are the results of our post-kamp questionnaires to parents rating the food:

	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>
Excellent	9%	8%	6%	33%	22%
Very Good	25%	34%	17%	37%	42%
Good	35%	37%	44%	24%	23%
Fair	23%	19%	23%	5%	9%
Poor	5%	2%	10%	1%	4%

There were occasions where some of the kitchen staff's involvement in kamp was inappropriate. This should be discussed with Bob Gill if Fan Fare is with us in '79. Also, problems with shortages of tripping food are a concern that should be dealt with.

MAINTENANCE:

Once again, Julien Tassé and his crew had a busy summer. I shall always be impressed and very grateful to Julien for his unending patience as he continues with the overwhelming amount of patching up, renovating, constructing and transplanting of buildings, water systems, etc. Merci Bien Julien.

Some of the things done this summer over and above the regular repairs and maintenance included:

- demolition of the old 'Longhouse' (32' x 70').
- construction of a new storage building (14' x 16') and fence at the senior waterfront.
- repair of 10 rowboats.

Maintenance Continued

- installing a new septic tank for the Farmhouse.
- directing a bucket brigade (50-60 kampers and staff) to transport 12 tons of sand to the senior waterfront.
- clearing of shrubbery in junior boys section.
- weekly pumping out of septic tanks.
- installing and monitoring water meters in kamp.
- erecting 3 flagpoles in senior parking lot.
- replacing mesh on backstop.
- refinishing interior of Blockhouse and Farmhouse.
- installing shower and sink in the Farmhouse.
- fitting skirts on cabooses.
- constructing winter shelter for enlarged winter water reservoir.
- erecting a new Tee Pee across the lake.
- weekly battles with the beavers and their dams at Lake Wilson.

In terms of 1979, there are a number of things that require attention (non-capital in nature):

- enlarge junior waterfront and possibly relocate.
- replace war canoe ramp.
- stain various parts of new recreation building - Katimivik
- relocate senior boys water pump under Katimivik.
- straighten out senior boys section director's cabin.
- major cutting of shrubs throughout kamp.
- jack up kitchen water heaters.
- replace floor in craft shop.
- place another 4-6 garbage cans around kamp.
- replace window fixtures in Katimivik.
- remove fireplace and small stairs at senior waterfront.
- consider wood chips on some trails to decrease erosion.
- consider a section of pavement or cement in lower lot for basketball.

PROMOTION:

Much more was expended this year for promoting Kanawana as compared to the past. Our registration did increase by 9%. This and the all time record of 60% of our previous year's kampers returning, I believe, indicates somewhat the success of Kamp Kanawana '77.

This year's promotion included the following:

- 2500 brochures were distributed via phone inquiries, YMCA Branches and staff. We could have used 3000.
- The Montreal YMCA placed numerous ads in several Montreal newspapers to promote all Y camps.
- Several advertisements for Kanawana were placed in the following newspapers:

Montreal Star	Boile d'Urfe News & Views
Gazette	Le Mirabel
Westmount Examiner	Dimanche Matin
TMR Weekly Post	The Suburban
News & Views	Le Courrier de Ste Foy
- Kanawana was listed in the American Directory of Schools and Camps, the YMCA National Council Camp Poster and the Quebec Camping Association Directory (15,000 distributed).
- Feature articles appeared in the Montreal Star, Gazette and 36 other major newspapers in Canada when I was interviewed on behalf of the Canadian Camping Association.
- Seven issues of the Green Triangle were sent to all 1977 Kanawanians.
- The Kamp Kanawana birthday card was sent out to all '77 kampers on their birthdays.
- A Kamp Kanawana Christmas card with a photo of all staff was sent.
- The Kanawana reunion was held in April with over 200 kampers attending.
- The Camp Director was interviewed on 2 television and 3 radio programs to talk about camping.

Promotion Continued

- .. The Camp Director wrote stories on Kanawana for 3 French and 4 English newspapers in Montreal.
- New Kanawana t-shirts with a more modern motif were designed and sold during the summer. 100 of these were given to the first 100 who registered in February and March. (Hopefully worn at school, etc.)
- Three meetings for parents of new kampers were held in May-June.
- Gord Logan in discussion with Dave Patrick of CFCF talked on 2 occasions about Kanawana. Total time 30 minutes.

In regards to how our new kampers heard of Kamp Kanawana, the following is the result of our questionnaire to parents this year:

	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>
Friend or neighbour	30%	8%	51%	47%	49%
YMCA Branch	15	20	18	19	14
Quebec Camping Assoc.		6	3	7	9
Advertising	14.9	9	7	4	8
School	2	4	1	4	1
Relative of former kamper	36	20	20	9	8
K.K. Staff member				5	5
Newspaper article				3	6

MONTREAL OFFICE:

It was again an extremely busy year for our kamp secretary, Olga Hall. As Chairman of Public Relations for the Canadian Camping Association and having just finished a 2 year term as President of the Quebec Camping Association this has required her to do much more than can normally be expected. I am very much grateful to her for a continued dedication to Kanawana and support to me. I know that the parents of our kampers very much appreciate her pleasant and efficient ways of dealing with them. A sincere thanks Olga!

Also, I should not forget Helene Nollet. Although not responsible for kamp she has always been willing to assist us in the busy times. Merci Bien Helene!

SPECIFIC RECOMMENDATIONS:

- The non-refundable deposit required for the registration of kampers was increased this year. It may or may not have discouraged parents from cancelling a registration, however, it did decrease the loss if someone cancelled. This should continue or perhaps increase again in '79.
- Some consideration should be given to having 3 sessions in 1979 rather than 4. Specifically, I am thinking of a 2 week session at the beginning followed by two 3 week sessions. I know of a number of parents that would prefer 3 weeks to 2 and 5 weeks rather than 4.

- Day Camp

For the first time in many years, our kamper population of local children was rather significant. This trend should continue if we advertise in the Laurentian paper (Le Mirabel).

It is also worth mentioning that a number of these and other parents from St. Sauveur and area dropped by Kamp Kanawana and inquired about a Laurentian Day Camp. As the future of the property becomes clearer, a program of this sort could be considered.

- A number of the hikes or canoe trips returned to kamp late (sometimes very late). Some study is required at the truck schedule vis-a-vis the numbers of extended trips that are planned. In addition, the tripping tents of the seniors should be comprised of 4 week (or 5) kampers. Those only at Kamp Kanawana for 2 weeks should not go out on the longer (6 or 7 day) trips.
- The new recreation hall (Katimivik) is very functional and will be used a great deal in the future. However, it is somewhat more fragile than other kamp buildings and will require some thought to protect it.
- The staff salary ranges did not change this year. This should be done in 1979 particularly for counsellors where the range should be increased by 25%.

As well, there are a few auxiliary positions that could or perhaps should be eliminated. Some consideration should be given to this.

Because of some of the staff problems encountered this summer, I feel that 'border line' returnee staff should not be considered. In previous years, we were more successful, however, as times and people change, it no longer seems that such a success rate with 'border line' returnees is likely.

GROUP USEAGE - KAMP KANAWANA SITE:

CONCLUSION:

In my six years at Kanawana, I don't think that I have ever written a report that talked about problems as much as this. I look back at twelve weeks at kamp, working 14-18 hours a day - 7 days a week with almost seventy other staff. I leave the summer with many memories, some good, some not. However, I believe that we did what we set out to do - Influence children in a positive way. It gives me great joy to know that regardless of the difficulties and problems, our kampers did have a very positive experience.

In our post-kamp questionnaire, the parents were asked of their appraisal of Kanawana. Here is their answer:

	<u>1974</u>	<u>1975</u>	<u>1976</u>	<u>1977</u>	<u>1978</u>
Excellent	28%	29%	30%	39.42%	39.26%
Very Good	60	56	53	54.02	54.81
Good	12	14	13	6.57	5.93
Fair	0	.5	4	0	0
Poor	0	.5	0	0	0

Our successes are due to many people. To our Board of Management and Chairman Phil Davey, a thank you from the YMCA and Kamp Kanawana for their continued support, advice and indeed hard work.

To our kampers, I shall always cherish the memories that you provide - it is you that make it happen. Thanks for being a part of Kamp Kanawana '78.

It is my wish that this report will be found useful not only to next year's Director but also to the staff of 1978.

To the future!

'Non Nobis Solum'

Derek V. Walsh,
Director of Camping.

Ce rapport est disponible en français.

APPRECIATION:

As Director, I extend my thanks to the following who contributed to Kamp Kanawana '78:

Ivanhoe Corporation for permitting us to use the parking lot of the Dorval Gardens Shopping Centre as the Montreal terminal for kamper transportation.

The staff of the Montreal YMCA for their continued encouragement and cooperation.

Bruce Skahan for his assistance in the development of our astronomy program.

Our many neighbours around kamp who so willingly permit us to use their properties and assist us in many ways.

Canadian Paper & Packaging Company Limited for their donation of several rolls of paper.

The Drug Companies who so generously donated medications and supplies for our infirmary.

Gord Logan our volunteer tripper, speech writer, flying instructor, weatherman, advisor and counsellor - also a good friend.

The Montreal Copy Centre for various free printings.

Downtown, N.D.G. and West Island Branches of the YMCA for their meeting rooms.

Eric Sandmark for the artwork on the '78 Kanawana t-shirts.

The Clouson Company for the loan of a drink machine.

The Town of Montreal West and Mayor Roy Locke for the loan of water meters this summer.

Scotty Brotman for his kind donation of 3 books to the library at kamp.

Mrs. Cairns of the Montreal Children's Library for her help and advice on program.

The Energetic Company for the entertaining and educational skits this summer.

Appreciation Continued

Dr. Don Smith for his helpful visits and covering the infirmary at the end of the summer.

Jack Finigan of CJAD and Dave Patrick of CFCF who spoke of Kanawana this summer.

Chuck Baronowski, Director of Trails End Camp, who conducted the Life Saving exams.

Roger Savard and the late Larry Chiasson of the Montreal Expos for the donation of 200 baseball tickets for Kanawana Day at the Olympic Stadium.

Doug Myles for his assistance with our promotion of Kamp Kanawana and Les Voyageurs de la Verendrye.

A GLOBAL PLEDGE

I pledge my loyalty to mankind: to speak, think, and act for the betterment of all peoples whatever their origin, language, or religious belief.

To respect all properly appointed authority and to take only restrained and legal action to correct any real or imagined injustice.

To maintain the honour of the family, the rights, property and privacy of all in a free society, on principles which will sustain the dignity of man.

To avoid the cause of any spiritual or physical pollution thereby contributing to a cleaner, healthier, and better world for our children and our children's children; imparting to them a heritage of vitality, strength of character, and a sense of fair play in their dealings with their fellowmen.
